

Overview: Downpayment + Phase 1 (new behavior)

When Branch Admin creates an installment AR with **Downpayment + Phase 1**:

What happens	Detail
Two AR rows	Two separate AR numbers (e.g. AR# 260453 downpayment, AR# 260454 Phase 1)
Linked as one pair	Downpayment row is the leader; Phase 1 is the paired row
List display	Downpayment row shows “Downpayment”; Phase 1 shows “Phase 1 · paired with AR# ...”
Finance acts on one, system updates both	Verify, Return, or Reject on either row affects both ARs in the pair
SMS amount	Payment confirmation SMS uses the combined total (downpayment + Phase 1)

Part A — Finance / Superfinance workflow

Where: Manage Invoice → **Acknowledgement Receipts**

(Alternate path for unapplied package AR: Payment log — see Part A.5)

Who can act: Finance (own branch) and Superfinance (all branches)

A.1 — Find pending ARs to review

1. Open **Acknowledgement Receipts**.

The screenshot shows the 'Acknowledgement Receipts' page for Little Champions Academy Inc. The interface includes a sidebar with navigation options like Dashboard, Daily Summary Sales, Announcements, and Manage Invoice. The main content area displays a table of receipts with columns for Student Name, Invoice, Acknowledgement Receipt#, Guardian Name, Mobile, Package / Items, Level Tag, Total Amount, Branch, Status, Payment Method, Ref. No., Attachment, Issue Date, and Payment Date. Two receipts are visible: one for Bronny James with a total amount of P5,000.00 and another for Bronny James with a total amount of P7,000.00. Both receipts are marked as 'Applied'.

- 2. Filter or search as needed.
- 3. Look for status **Submitted** (package AR awaiting verification).
- 4. For Downpayment + Phase 1, you will see **two rows**:
 - Row 1: **Downpayment** line + its amount
 - Row 2: **Phase 1** line + its amount (linked to the downpayment AR#)

Reject

- 2. Choose one of:
 - **Verify**
 - **Return**
 - **Reject**

3. The **landscape review modal** opens with:

- Branch, level, status, payment method, issue date, reference#
- **Created by** (who submitted it)
- **Attached image** (click to enlarge)
- For **Downpayment + Phase 1**:
 - Amber note: *verifying will mark both AR rows as Verified*
 - Red note: *click AR# below to locate the row on the list*
 - Table with **Downpayment** and **Phase 1** lines (AR#, description, amount, **combined total**)

Screenshot slot: Finance verify modal with dual AR table

Tip: Click an **AR#** in the modal → modal closes → that row is **highlighted** on the list.

A.3 — VERIFY (approve the AR)

Use when: Attachment, reference, and details are correct.

Steps

1. From Actions → **Verify** (on either paired row).

Showing 1 - 10 of 11 receipts

INVOICE	ACKNOWLEDGEMENT RECEIPT#	GUARDIAN NAME	MOBILE	PACKAGE / ITEMS	LEVEL TAG	TOTAL AMOUNT	BRANCH	STATUS	PAYMENT METHOD	REF. NO.	ATTACHMENT	ISSUE DATE	PAYMENT DATE	ACTIONS
—	260457	JC Santos Sr.	639619589028	(Phase 1) Installment plan for GL Nakasando - Kindergarten P5,000.00 Phase 1 - paired with AR# 260456	Kindergarten	P5,000.00	LCA Malolos	Submitted	Online Banking	123	View	June 14, 2026	June 14, 2026	Verify Return Reject

2. In the modal, review:

- Attachment vs reference number
- Student / guardian details
- Downpayment + Phase 1 amounts and combined total

3. Click **Verify** (or **Verify downpayment & Phase 1** for pairs).

4. System result:

- **Both** AR rows → status **Verified**
- Branch can now use the AR for enrollment
- If a linked payment log row exists, it may sync to **Approved**

Screenshot slot: Verify button + success message

Screenshot slot: Both rows now show **Verified**

Important: You only need to verify **once** (from either row). Do not verify both separately.

A.4 — RETURN (send back to branch for correction)

Use when: Something is wrong but fixable (wrong reference, bad attachment, missing info, etc.).

Steps

1. From Actions → **Return** (on either paired row).

Showing 1 - 10 of 11 receipts
